I am requesting hard copies of environmental reports related to land and water issues dating from 1900 to December 31, 2013. This includes reported releases of chemicals to land and water, cleanup of land and water, violation notices for land and water issues, TSCA, CERCLA, RCRA, etc.

I reviewed the envirofacts system but was unable to view any reports. Are reports available through envirofacts?

Thank you for your assistance in this matter.

Please specify the records or type of records you are requesting under the Freedom of Information Act (FOIA) for this facility. This facility has links to the Air, Water and Land & Chemicals Division (RCRA). What records are you requesting? Is there a timeframe of records you are seeking (from to date) ?

You may want to review the EPA envirofacts system for any information that may help you clarify your request. Please reply to this e-mail .
